FURTHER DETAILS

The Zambian Annual Reformed Conference comprises two conferences that run simultaneously:- the **Reformed Family Conference** and the Reformed **School of Theology**. The former is for everyone—young and old—while the latter is especially tailored towards church leaders and their wives. Those aspiring to become pastors are also encouraged to attend the latter. Whereas the teaching in the family conference uses a preaching format, that in the school of theology uses a lecturing format. In the evening, both streams come together for combined services. This is the daily climax and you will not want to miss it for anything!

News is shared in the afternoons from Reformed Baptist churches, especially the latest works in Zambia and in neighbouring countries. Come ready to hear what the Lord is doing outside your church!

News is also shared from various inter-church projects—the Reformed Baptist Radio and TV Ministry, the Reformed Baptist Building Trust Fund, etc. The new Reformed Baptist Churches Association of Zambia (REBCAZ) also has its brief annual general meeting during the conference on one of the afternoons. Come ready to share in the support and future prosperity of these joint ventures!
